E-mail: info@key-med.eu Website: www.key-med.eu

In order to realise efficient and speedy patrolling of coasts as well as assistance interventions for short and medium distance in accordance with the conditions of safety of the operators and to improve the rescue activity carried with Jet Ski supplied with special equipment to carry bathers, Key-Med Boat Division can provide a series of “ **KM RESCUE WaterCraft** ”

Models and accessories may be subject to modifications according to different requirements, as for example a housing specially designed for Lifeguard Dog of Canine Units, however pre-emptively established and agreed.

KM RESCUE WaterCraft is a SAR Jet Ski. Ability to assist in search and rescue missions.

It's ideal for rescue situations from surf to whitewater, during floods or along rocky coasts.

KM RESCUE WaterCraft is fitted with rescue equipment and with a device to making the fast health intervention and the transport of the injured in total security.

KM RESCUE WaterCraft is fitted with a series of accessories that make it extremely effective for patrolling and SAR tasks, including a rescue stretcher realised so as to allow the ground transportation with temporary possibility of injured bather immobilization.

The WaterCraft Stretchers or Rescue Surfboard are conforming and guaranteed to a SAR use.

They are made with materials that ensure stability, buoyancy, flexibility and shock resistance.

They operate both at sub-zero temperatures that above 40°C, not suffer damage from UVA rays or to chemical agents. It won't fade.

They have usefully visible colors and handled easily by one person only.

Also there are a big lateral handles to ensure the safety of a good grip.

On the bow they have a central anchoring system and two elastic bands easily removable if necessary, able to facilitate a perfect manoeuvrability.

They are equipped in the front of a plastic protection, to ensure a stretcher and pwc protection.

The following, it's about indicative size of the Stretcher or Rescue Surfboard:

- length of not less than 1.50 m. and not more than 1.75 m.
- width not less than 0.80 m and not more than 1.10 m.

KM RESCUE WaterCraft Details
